# Our Principles

01

## Experience

Our center provides talented English language mentors who have successfully delivered specialized programs for various needs.

02

## Professionalism

To help learners communicate and connect with others, we have created a series of General English programs.

03

## Guarantee

With the rapid growth of English as a worldwide language, we equip students with the essential skills to communicate professionally and confidently in a global economy.

04

## Quality

From beginner to advanced level, we will help you achieve competency and beyond in the skills necessary for success within the social, cultural and professional world.

## Phonics

**O**ur Phonics Program is the first step on a young learners' journey into English, leading them to all 44 fundamental sounds. These courses include thought provoking and engaging activities which allows children to actively apply what they learn. In the end, students can actually read and not just memorize words and sounds.

## Primary

Our primary program is carefully designed to assist young learners develop an inquiry-based approach that increases student independence and communicative literacy. Our program seeks to improve critical thinking skills needed to succeed in the 21st century. It promotes students' natural

curiosity to ask their own questions, find their own answers, and explore the world around them. This approach to language learning and literacy, supported by a controlled grammar and skills syllabus, helps student achieve near-native fluency in English.

## Secondary

We believe in providing our secondary students multiple opportunities to experiment in a variety of content areas and extracurricular activities, which make them, feel motivated and challenged to reach their full potential. For that reason, we have selected and developed courses materials that teenagers can enjoy and relate to. The key to keep them focus whilst also developing their skills rely on determining their own passions for future exploration.

# Special Programs

02 International School Test Preparation

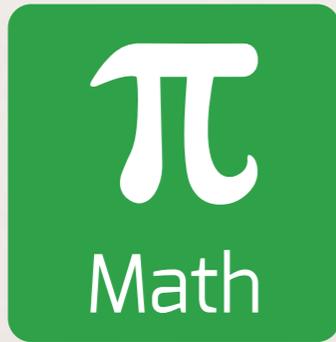

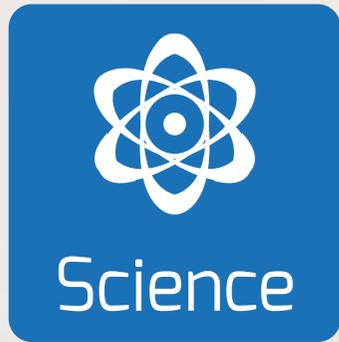

03 Adult General English

04 Business English

05 Enrichment Programs

## Next Generation Skills +

Our Next Gen Skills Plus program provides students with an in-depth review of core knowledge subject areas taught in most British and American international schools in Vietnam, particularly in the field of English, Math and Science. The program aims to develop students' understanding and skills through exciting and stimulating lessons reinforcing what they have learned in school.

Students' potential areas of difficulty will also be identified and addressed through our very own 'Target Teaching' approach. Our micro groups offer a more personalized environment where students improve at a faster pace. In these classes, students build up knowledge of Math, Science, Reading and Writing through complete immersion and an innovative co-teaching strategy.

## International School Test

**O**ur specialist test preparation program assist students to unlock their true potential whether it is a test for IELTS, TOEFL, IGCSE, A Levels, SATs, the ACT or international school entrance exams. Our subject expert coaches guide students on best practices when

taking their desired test, material review and in-depth tutoring based on each student's personal needs. We will ensure they understand the test and the most effective techniques to maximize their potential score.
